

Call for Exhibition!

—The EUROSIM 2016 Congress is a place where industry and science will meet

EUROSIM 2016, 12 - 16 September, Oulu Finland,
The 9th EUROSIM Congress on Modelling and Simulation

We are inviting your company to be a player in the high standard international simulation set-ups. Extend your business and display your products and services to your colleagues around the world.

It is our great pleasure to invite you to join us at the 9th EUROSIM 2016 Congress which will take place on 12 – 16 September 2016 in Oulu, Finland. The congress is organized by the Scandinavian simulation society (SIMS), the Finnish Society of Automation and University of Oulu with the technical support of IEEE and IFAC. The Oulu City Theatre serves as the main venue and the exhibition site.

The EUROSIM 2016 Congress is a place where industry and science will meet. On the stage are professionals who meet and share their visions with new and old colleagues. EUROSIM - the Federation of European Simulation Societies, provides a European forum for 17 regional and national simulation societies. The EUROSIM 2016 is expected to attract more than 200 participants from more than 40 countries around the world in the field of simulation. The programme of the congress has a multi-conference structure with several special topics related to methodologies and application areas. The programme includes invited talks, parallel, special and poster sessions, exhibition, tutorials and versatile technical and social tours.

Exhibition area of 1600 m² is located in the upper and entrance lobbies, so the participants are associating just there. Also the lunch and coffee breaks are long enough for proper discussions. We are doing our best for your business!
